

O. S. L. EMPLOYEES GET PRIZES FOR KEEPING THINGS UP TO THE MINUTE

Official announcement of the winners of the prizes which are annually awarded by the Oregon Short Line to the employees who have maintained the best kept divisions on the system, the best kept shops and the best kept stations, has just been made by the inspection committee as the result of their thorough inspection of every mile of the system's tracks in four states.

The annual inspection was begun early in November and continued, with interruption only on Sundays, up to Nov. 26. In all, the committee covered 1,454 miles of track in the states of Utah, Idaho and Montana, and 1,033 miles of track over the line of the Southern Pacific in Utah and Nevada, east of Sparks. The total, therefore, of 2,487 miles was covered in the annual inspection.

Competition all along the lines of the system in the four states was very keen for the honors and the task of picking out the winners was found to be more difficult than in any previous year. Every station was found to be in excellent shape by the committee and scarcely a fault could be found with the station houses and pumping stations.

The inspection committee which made the awards was composed of the following officials: J. M. Davis, general superintendent; William Ashton, chief engineer; A. B. Stevenson and E. C. Manson, superintendents of the Utah division; W. H. Jones, acting superintendent of the Idaho division; W. R. Armstrong, acting superintendent of the Montana division; H. J. Harris, engineer of the Utah division; T. Fitzgibbon, engineer of the Salt

Lake division, and W. S. Harer, engineer of the Idaho division.

The awards were made to the following:

Credit Markings.
For the best division on the system, E. C. Manson, superintendent of the Utah division, Ogden.

For the best shops on the system, Dave Hickey, master mechanic Sparks shops, Salt Lake division Southern Pacific, winning with 8.5 points out of a possible 10. The best signal changing plant on system, Ogden plant, Salt Lake division Southern Pacific, score being 9.8 points out of possible 10.

Gold Medals.

For the best roadmaster's district on the system, J. E. Toombs, Sparks district, Salt Lake division Southern Pacific.

STORIES PURE INVENTION

President Has Had No Narrow Escapes From Automobiles or Fire Engines.

Washington, Dec. 4.—Recent newspaper stories connecting the president with narrow escapes from accident by being run down by automobiles, messenger boys and, latterly, a fire engine, have resulted in the giving out at the White House of an official statement characterizing the stories as "pure inventions." The statement says:

"The recent stories given out that the president having had a narrow escape from accident, first with an automobile and now with a fire engine, are purely inventions. So far as the president is aware no automobile ever came near him. If it did, the president did not notice it. Now, as for the engine matter, the whole story is absurd, and the newspapers are simply being imposed upon. The president's carriage was drawn up against the curb on one side of New Hampshire avenue, which is broad, and which at the time was deserted. The fire engine was against the curb on the other side of the street and half a block distant when the fire engine horses fell. The fire engine could not have hit the president's carriage if it had tried."

Horse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, as it soothes inflamed membranes, heals the lungs, and expels the cold from the system. F. J. Hill Drug Co.

NEVADA BANK BROKE.

Tonopah, Nev., Dec. 4.—The Round Mountain Banking corporation of Round Mountain, a town sixty miles north of Tonopah, has closed its doors. Seed loans are given as the cause. It is announced that the bank will reopen in thirty days to pay depositors, but will not resume business. The bank is capitalized at \$25,000, and has deposits amounting to about \$30,000. The extent of its liabilities is unknown.

Foley's Orino Laxative cures chronic constipation and stimulates the liver. Orino regulates the bowels so they will act naturally and you do not have to take purgatives continuously. F. J. Hill Drug Co.

TRAINMAN KILLED.

Little Rock, Ark., Dec. 4.—Passenger train No. 143 on the Rock Island railroad, while running at a high rate of speed, split the switch at Kears, twelve miles east of this city, today, derailling the engine, baggage and express cars, combination smoker and one chair car. Joseph Homphrey, engineer, and J. Pelgram, fireman, were killed. No passengers injured.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.
